Questions for Wednesday, 21st November 2018

Set by: IT

**Question Reader:** All parts of the answer shown in **Bold Face** are required. Parts shown in ordinary type are not essential, but if given incorrectly will mean that the answer is wrong; for example, if the answer shown is "Tom **Watson**", "Watson" would be a correct answer, but "John Watson" would be incorrect. Parts shown in *italics* are purely explanatory and are not required. If the answer offered is incomplete (for example, "Roosevelt" for "**Theodore Roosevelt**"), you may, at your discretion, ask the person answering to expand the answer.

In the event of any problem, three spare questions can be found on the final sheet.
